WHAT WE DO

TWO PRIMARY BUSINESS SEGMENTS

#1 is to provide regional scheduled passenger services within selected regions in Europe. For example, we operate scheduled passenger services within Denmark, Norway, Germany, and Italy.

#2 is to offer aircraft capacity and services to the world-wide ACMI market. In-between, we provided ad-hoc charter and ACMI services, but we generally do not offer planned (series) charter services.

Regional routes

DAT IN NORWAY

DAT IN NORWAY (1)
